- Selfie attendance
- Geotagging with/without Geofencing
- Timesheets for payroll
- Work offline & sync
- Push Notifications(Realtime)
- Track the employee time and performance
- Real time reporting with download options(CSV, PDF)
- Data securely stored in the cloud
- Supervisor attendance
- Face recognition

- Punch from Any Device
- Works Offline & Sync
- Transform Your Smartphone into a Time Clock
- Time Saving, Increase accuracy and reliability
- 24/7 availability of Information
- Avoid Queue's at time In/Out with biometric devices
- Reduce administration cost & time in preparing Payroll
- Avoid Network/Connectivity issues with servers

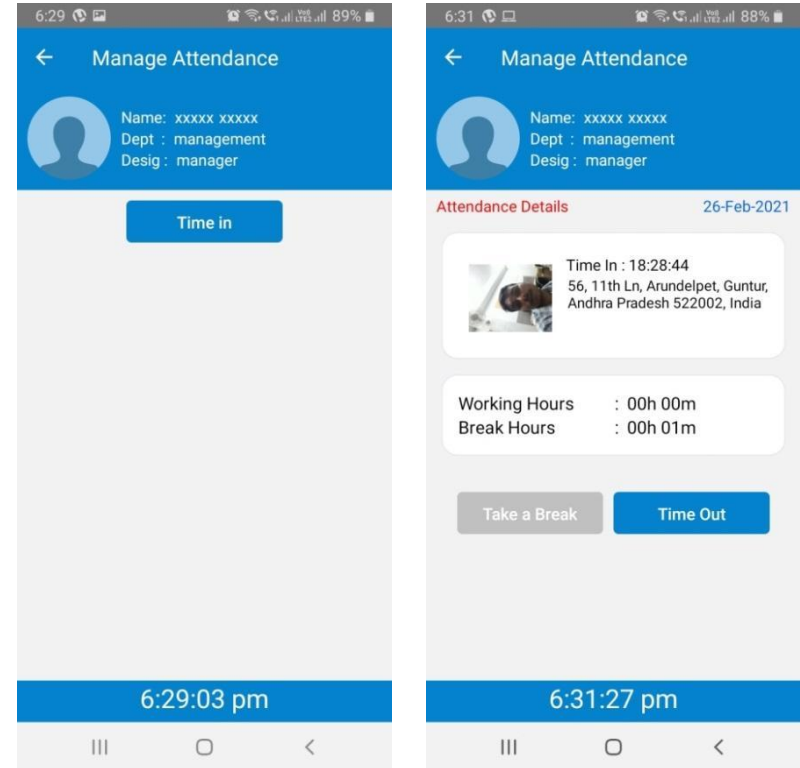

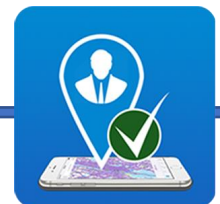

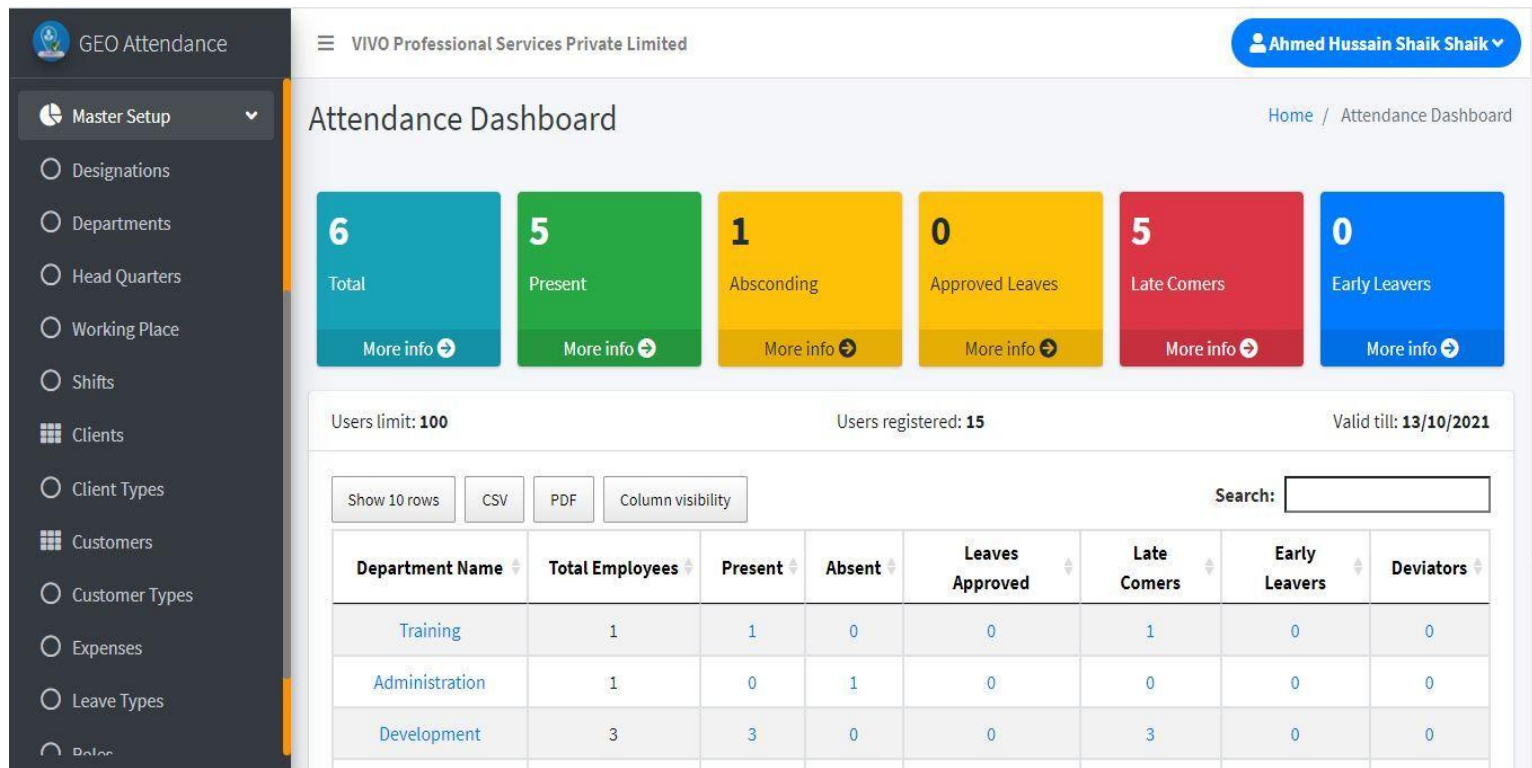

Employee login to the mobile App using his email or mobile number with a password.
Setup his working location for first time.

TimeIn / TimeOut: Takes a selfie tagged with geolocation + timestamp, stores in the server or Synced to the server if he is offline.

Take a Break: Once you log the TimeIn, taking a break option will be available. You can take a break(Lunch, tea ...) and can resume the work.

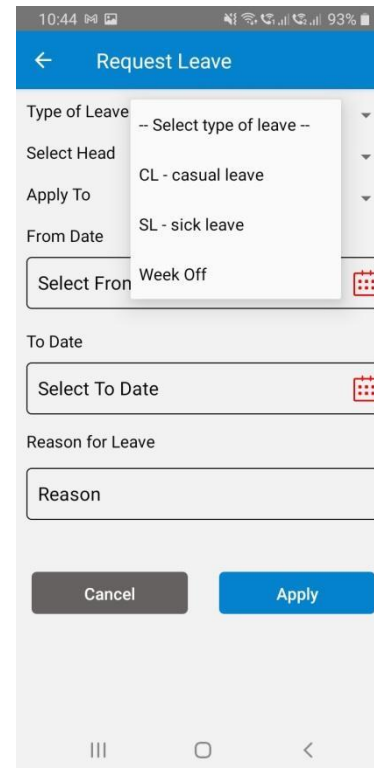

Dashboard gives you the overview of the employees attendance like employees Total, Present, absentees, Late comers, early leavers & deviators

Employee login to the mobile App using his email or mobile number with a password.
